Engineering

Expertise where it is most needed

You shouldn't leave anything to chance particularly where maintenance of your executive jet is concerned. We will recommend accredited maintenance companies, which will commit themselves to ensuring round-the-clock reliability of your aircraft. Furthermore we will provide you with advice on any issue relating to maintenance and guarantees. For guaranteed and lasting safety.

The service we provide:

- line and base maintenance
- service and maintenance programs
- component management
- modification of aircraft (minor modifications. STCs)
- spare parts
- pre-buy inspections
- use of PMA parts
- refurbishment & painting
